young proprietor of the Three Point
Filling station, was in town Wednes-
day on business. While here he
called at the print-shop and had his
date moved up a couple of notches.

C. R. Gaines is "tiring" the coun-
try. He has a tire sale on, and he
says they have been moving out fast.
Some of these are going at less than
wholesale price and now is a good
time for his friends to make him lose
some money and keep him out of the
rich class. All Bib's readers know
the slim chances a rich man has of
wearing a crown in "the sweet-hye-
bye". Keep him out of the pluto-
cratic class.

Manuel Martin and Andreas Gar-
cia, mention of whose arrest last
week as being accessories of Manuel
Rendon in the slaying of Guadalupe
Contreras at Yancey some five or
six years ago, were given a prelimi-
nary hearing by Justice Burgin a few
days ago. Their bonds were fixed
at \$2,000 each, in default of which
they have rooms in the Bader bastille.

We are well equipped to make all
kinds of general repairs on cars,
trucks and tractors, repair and re-
charge all makes of batteries, acety-
lene welding, steam vulcanizing of
tires and tubes. Our prices are fair,

MARRIED.

Miss Jessie Katherine Blocker, daughter of Judge and Mrs. V. E. Blocker of this place, was married to Mr. Russell J. Meyers at the home of her grandparents, General and Mrs. R. S. Kimberlin in Los Angeles, California, June 27, 1924.

Mr. Meyers is a law student in the University of California, having completed his Junior year at that school last spring. They will make their future home in Los Angeles.

The many friends of Miss Jessie who have known her since her earliest childhood here unite in wishing her a most happy and prosperous wedded life.

NOTICE, ADVERTISERS AND CONTRIBUTORS.

We want to lock our forms at noon Friday. We have to do this to get the paper into the mails on time. You will greatly assist us by getting your copy in at the earliest possible moment. By all means, have it in our hands not later than Thursday afternoon. By taking due notice of this and acting accordingly you will confer a great favor on us and avoid disappointment for yourself.

YOU CAN'T TRUST CALOMEL AT ALL

It's Quicksilver, Salivates, causes Rheumatism and Bone Decay.

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quick silver. It cratches into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knicked out, just go to your drug stand and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it don't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wildcat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

WHAT MY NEIGHBOR SAYS

Is of Interest to Hondo Folks.

When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ills—and has found relief from all this sickness and suffering, that persons advice is of untold value to friends and neighbors. The following case is only one among thousands, but it is that of a Hondo resident. Who could ask for a better example?

F. H. Bohlen, proprietor of repair shop, says: "My back ached and I had a dull pain in my kidneys. I was often dizzy and black specks appeared before my eyes. My kidneys acted irregularly and the secretions were highly colored and burned in passage. I used Doan's Pills and they cured the attack. My back is now as strong as iron and my kidneys act regularly."

Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Pills—the same that Mr. Bohlen had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or disintegrate the worms, and the Child will be a perfect health. Pleasant to take. 75c per bottle.

FIRESTONE FULL-SIZE BALLOON GUM-DIPPED CORDS

BECAUSE Balloon Gum-Dipped Cords reduce your repair bills and lower fuel costs, increase tire mileage, car life and the resale value of your car.

These are strong statements but are backed by actual facts. Balloon-equipped test cars and taxicabs have now been driven over 5,300,000 miles, under Firestone supervision and show reduction in fuel consumption, and less delay, because of fewer punctures and quicker starts and stops.

Many leading automobile makers have standardized on these full-size Balloons—pioneered by Firestone and made practical and economical through the special Firestone gum-dipping process.

Over 100,000 motorists are today using and enjoying the satisfaction of genuine, full-size Balloon Gum-Dipped Cords. In fact, in three months the sales of Firestone Balloon Gum-Dipped Cords increased 590%.

Have your car equipped now—for comfort and for the safety of driving this Fall and Winter. Be prepared for mud holes, frozen ruts, dangerous snow and ice. We can equip your car immediately at the new low prices now in effect.

VANDENBERG DISTRICT NO. THIRTY-ONE. (P. O. Hondo, Texas.)

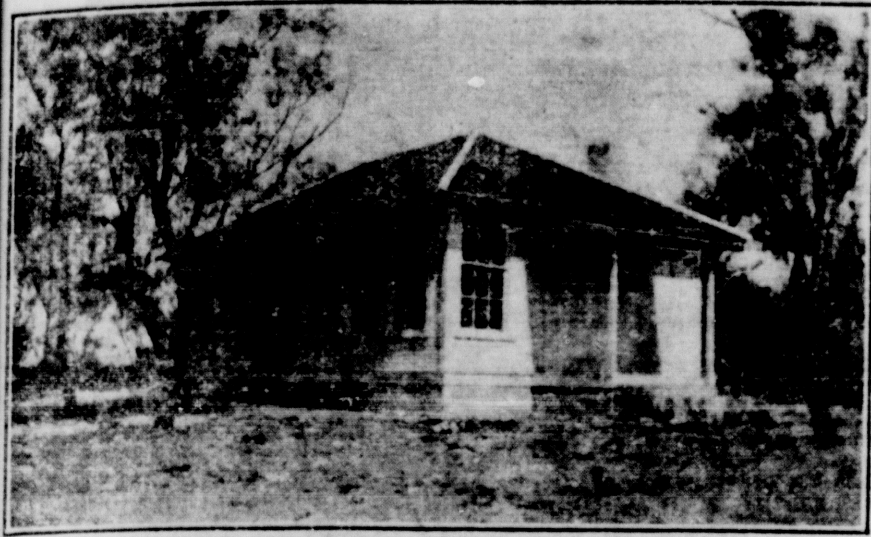

From Directory, Medina County Public Schools.

On September 23, 1876, the people of this and the surrounding communities met and formed a community organization called "The Vandenberg School Organization". It had for its purpose the promotion and progress of education in that community.

That same year the first Vandenberg School was erected at a cost of out two hundred dollars. This building continued to be occupied for forty-six years.

It was situated in the Vandenberg settlement, which name still remains in this locality.

Among its twenty-five teachers may be found the name of our present Superintendent W. N. Saathoff. We note that he received the salary of thirty dollars a month for his efforts to impart knowledge to any of the now highly respected citizens of the Vandenberg community. In 1922, the old building was replaced by the present modern and in

VANDENBERG SCHOOL, DISTRICT 31.

ry way convenient building. The cost of this building was between ten and twelve hundred dollars. It is situated but a short distance from the old site, both having been built in a fine agricultural district. The farms are owned by a progressive class of people many of whom are reared in the community where they now live, and many of whom attended school in the old building and in later years sent their children to the same school.

The members of the present Board of Trustees are Alvin Mumme, Nietenhoefer and L. H. Heyen.

The present teacher, Mrs. Emma Shoop, formerly of the public schools Illinois, has been employed since September 1922. Mrs. Shoop is a member of the State Teachers Association and also of the Interscholastic League.

There are at present, twenty-five pupils enrolled in the school, eight of them being Mexican pupils.

During the school year of 1922 and 1923, the pupils of the Vandenberg school won first premium at the Medina County Fair in Hondo for best exhibit of rural school work in art and written work.

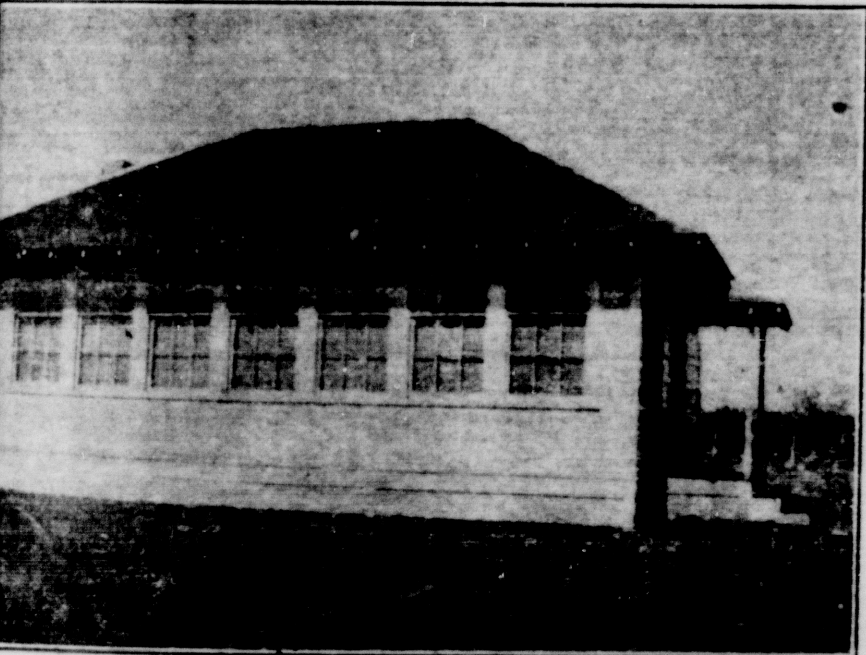

Since September 1922, eighty-one of the patrons and interested friends of the school have enrolled as visitors. This shows the interest of the community in the education of the boys and girls of the Vandenberg school.

Term, 8 months. Teacher salary, \$75.00. Certification, First Grade. Scholastics 41, enrolled 25.

This district has a 15c tax levy.

VERDINA DISTRICT NO. THIRTY-TWO. (P. O. Hondo, Texas.)

This district is mostly a ranching section with a few patches of farm scattered throughout the district. The area embraced in this district affords an excellent opportunity for a better school. The patrons

VERDINA SCHOOL, DISTRICT 32.

all white and are engaged in ranching. Cattle, goats, hogs and keys are raised extensively. The patrons have made a commendable effort in erecting a modern building and equipping it fairly well.

This district was created in 1910. In 1919 the modern building was erected. This school, as all other rural schools, has a great work to do. Its service must be strengthened and continued. It hasn't held the lives of the rural people as it should. This district needs strong leadership with a broad vision for civic pride and community interest.

The boys and girls of this school have a slim chance of ever entering a high school because of its location. Hence the necessity of strengthening the school by getting more revenues, better teachers, (the ones employed are good) and longer term, thereby giving the children an opportunity to finish, at least, the seventh grade or perhaps do some High school work.

The district has an efficient board of trustees consisting of Mr. J. G. Hicks, Mr. Louis Heyen and Mr. William M. Saathoff.

The teacher is Miss Nora Saathoff. Term, seven months. Salary \$70.00. Certification of teacher, Second Grade.

The district voted a fifty cent tax limit, but this year the levy is 15c. Scholastics 19, enrolled 15.

BE FAIR TO THE BOYS.

The usual spring argument about sending the boys out of school and letting them to work in the fields will begin in the farm home. The mother is very busy. Plowing and planting must be done on time. It is hard to hire men that can be trusted with the machinery or the horses. Red men mean more work in the field than the mother and the daughters. The school may not be interesting. The boys are dependent, like to be out of doors, and proud to take a man's place and to work with the work. That is the lazy way of looking at it and the boy gives up his spring school and becomes a RURAL CHILD LABORER. If that occurs two or three years in succession he has lost a chance for an education.

The stronger, better way is to sacrifice something of present comfort and expediency for the child's future welfare. By his work this year or next spring the boy may be the family two or three dollars a day for a few weeks but he does at a very great loss to himself

and probably to his people. He is giving up the time that should be used to deepen, broaden, and refine his life. Besides that, if he does not get proper schooling and enough of it now, he will not be able to earn as much as he ought when he becomes a man. Then he, too, will feel that his children must give up their chances for an education and spend their childhood days at some kind of labor. So the circle goes on from father to son. Keep the boy in school. That may be the way to bring the family to a finer plane of life.—Selected.

DEVINE NEWSLETS.

From the Devine News.
Would Organize \$25,00 Co. For Devine.

As we are fixing to go to press, we have a letter from R. H. Burgess, of San Antonio, who has been in Devine several times, stating that he will be ready September 11th, for organizing a \$25,000 company to operate a large Broom Plant in Devine. He has already spoken for the Loggins and Lilly Warehouse, and says he will put \$15,000 of his money into it. In order to insure success he wants Devine Broom corn farmers to subscribe some in straw. He asks that farmers having broomcorn send him the amount on hand and a sample to 125 Glenwood and advises that they do not sell average corn for less than \$150 the ton. Mr. Burgess was in our office a few days ago and talked over his plans. It looks like a good proposition for Devine, so far as we can tell.

County Trustee C. M. Thompson, Supt. A. B. Smith and local trustee, M. E. Dubose, attended the county board meeting at Hondo Saturday.

WESTMOORLAND HOME-COMING ING.

Dear Ex-Student:

This fall, being the thirtieth anniversary of Westmoorland College, (nee San Antonio Female College), the Board of Trustees, the faculty and the Alumnae Association think it fitting to celebrate such an occasion with a "grand home coming". We are appealing to you to help make it a big success.

For almost a third of a century, Westmoorland has stood for the highest ideals of Christian education and from its doors have gone forth hundreds of girls who have been united by close bonds of personal friendship, and of love for their Alma Mater. What a glorious home coming we can have, if you will come home, renew these ties of the past, make new friendships and so increase our love for our school.

The College opens Tuesday, September, 9th, and the following Friday Saturday and Sunday, September 12, 13 and 14) have been chosen as the time for the Home Coming. A tentative program is as follows: Friday, 4:30—5:00 P. M., a musical tea, where old friendships may be renewed and you may have an opportunity to meet the faculty and incoming student body; Friday evening, a stunt party, when the alumnae, ex-students, children and grand-children will participate; Saturday morning there will be informal gatherings, visiting places of historical interest, renewing old acquaintances; Saturday afternoon there will be an IMPORTANT BUSINESS MEETING, and following the business meeting there will be a drive and supper at the Mexican Village in Brackenridge Park.

Sunday morning the formal opening of the College will be held at Travis Park Church, Dr. J. E. Harrison has been invited to preach the opening sermon.

Let us all renew our loyalty and devotion to our Alma Mater and come back to Westmoorland September 12—14, where a cordial welcome from Dr. and Mrs. Stanford and the faculty and student body await you.

The out of town guests will be entertained in the homes of the San Antonio members. There will be a party for all children of ex-students and alumnae members Saturday, September 13th.

E. R. STANFORD, President.
Westmoorland College.
MRS. DAN RUSSELL,
President Alumnae Association.

FARM STANDARD OF LIVING IS NOT INFERIOR.

The farmers standard of living may be different from the city dweller's but it is not necessarily inferior to it, according to Prof. Walter Burr, who gave an address before the American County Life Association at its recent annual meeting at St. Louis on the subject, "Understanding the Farm Family."

"The real menace to the farm home today, in my opinion, is a certain morbid attitude of mind towards farm living," says Prof. Burr. "I believe this is largely due to the way in which city people have made country people feel inferior. If the farm home is the basis of national welfare, then we may well view with alarm this tendency. If we wish to stem rural depopulation and encourage rural institutions we would do well to get the editor, the preacher, the teacher, and the ever-present uplifter to cease broadcasting to farm people the statistically backward statement that the farm home and all other farm institutions and activities are inadequate.

"The surest signs of hope that I am finding in America are in the farm home. There we have the most family loyalty, the fewest divorces, the greatest assurance of the prime necessities of food, clothing and shelter, and the greatest nearness to nature and nature's divine source."
